Career Objectives

To pursue a rewarding career as a Video Editor where I can apply my skills in video editing, post-production, storytelling, audio enhancement, color correction and grading, motion graphics, and AI-assisted content creation. Through my previous professional experience and ongoing video projects with local clients, I continue to refine my ability to produce engaging, polished, and platform-ready content. I aim to contribute creative ideas, technical expertise, attention to detail, and a commitment to continuous improvement.

Professional Skills – Video Editing & AI-Assisted Content Creation

Overview
Experienced in end-to-end video production, editing, and post-production, with practical expertise in transforming raw footage and creative concepts into polished, engaging, and platform-ready video content. Skilled in storytelling, video pacing, audio editing, sound design, noise reduction, audio enhancement, color correction and grading, motion graphics, visual effects, and creative compositing. Experienced in AI-assisted content creation, including concept development, script writing, AI-generated video, images, scenes, voiceovers, and other visual and audio assets, followed by professional editing and refinement. Also experienced in preparing, optimizing, creating thumbnails for, managing, and publishing video content across social media and digital platforms. Key areas of expertise and practical experience include:

- Gemini Omni Flash
- Google Veo
- ChatGPT Sora
- Kling 3.0

AI Image Generation

- Google Nano Banana
- ChatGPT Image 2
- Higgsfield Soul

Professional Experiences

Independent Client Projects — Video Editing

Current — Project-Based Client Work

- Currently collaborate with local clients on video editing projects, applying the editing and post-production skills relevant to each brief.

B&F Corporate — Video Editor

1 Year — Previous Employment

Key Responsibilities

Video Editing

- Edit and assemble raw footage into polished, engaging, and purpose-driven video content.
- Perform cutting, trimming, sequencing, transitions, and scene arrangement according to content requirements.
- Develop engaging edits through storytelling, pacing, rhythm, timing, and narrative flow.
- Adapt editing style and visual presentation according to content type, target audience, and platform requirements.
- Integrate footage, graphics, images, music, voiceovers, and sound effects into complete video projects.

Post-Production

- Perform audio editing, noise cancellation, noise reduction, audio enhancement, voice cleanup, synchronization, volume balancing, and basic sound mixing.
- Apply sound effects (SFX), background music, voiceovers, and other audio elements as required.
- Perform color correction and color grading to improve exposure, contrast, consistency, tone, mood, and overall visual quality.
- Create and integrate motion graphics, animated text, titles, lower thirds, overlays, and other visual elements.
- Use effects, keyframing, masking, compositing, and other post-production techniques where required.
- Add subtitles, captions, text overlays, and other on-screen elements.
- Perform framing, cropping, resizing, aspect-ratio adjustments, and visual cleanup.
- Review final edits, identify visual and audio issues, and perform necessary revisions before delivery.
- Maintain organized project files, source footage, audio, graphics, AI-generated assets, and exported versions.

AI-Assisted Video & Content Creation

- Develop creative concepts, content ideas, scripts, scene structures, and prompts for AI-assisted video production.
- Generate AI-based videos, individual scenes, images, illustrations, backgrounds, voiceovers, narration, and other creative assets.
- Integrate AI-generated videos, images, audio, and visual assets into complete video productions.

- Edit and refine AI-generated content to improve storytelling, continuity, pacing, visual consistency, and overall quality.
- Combine AI-generated assets with traditional footage and manually created graphics where required.
- Apply AI-assisted creative workflows to improve content production efficiency and expand visual possibilities.

Social Media Management & Video Publishing

- Manage social media video content and publishing activities according to content plans and organizational requirements.
- Optimize videos for different platforms, including aspect ratio, resolution, duration, format, captions, and presentation style.
- Prepare thumbnails, cover images, titles, captions, hashtags, descriptions, and other publishing assets.
- Adapt and repurpose video content for multiple social media platforms and formats.
- Schedule and publish video content and ensure proper presentation and formatting after publication.
- Maintain organized libraries of published videos, thumbnails, captions, and supporting social media assets.

B&F Corporate — Assistant IT Manager (IT & Web Operations)

2 Years — Previous Employment

Key Responsibilities

- Maintain and troubleshoot company websites, including website functionality, domain, DNS, SSL, hosting, cPanel, and basic website security.
- Develop and maintain websites according to organizational and business requirements.
- Provide day-to-day technical support for office PCs, software, Microsoft Office, Outlook, VPN, internet connectivity, printers, and related IT operations.
- Create and edit visual materials using Adobe Photoshop and Illustrator, including company logos, ID cards, lanyards, posters, banners, and other office materials.

Velocity Digital Inc. — Front-end Developer

1.5 Years

Key Responsibilities

- Developed responsive and user-friendly web interfaces using HTML5, CSS3, JavaScript, and React.js.
- Converted UI/UX and Figma designs into responsive and reusable web interfaces.
- Implemented modern UI styling using Tailwind CSS, Bootstrap, DaisyUI, and Shadcn/UI.
- Worked with responsive layouts, API integration, testing, debugging, and Git/GitHub-based development workflows.

JobMatchingBD.com — WordPress Developer
1 Year — Internship & Full-Time

Key Responsibilities

- Managed and maintained the company's WordPress-based job portal.
- Published and updated job listings and other website content through WordPress.
- Performed daily website checks, troubleshooting, plugin maintenance, and updates.
- Supported ongoing WordPress administration and website maintenance.

Robi Helpline & Banglalink Helpline — Customer Service
3 Years Combined Experience

Key Responsibilities

- Handled customer calls, service requests, technical issues, and customer information through CRM systems.
- Provided solutions, escalated technical issues to backend teams, and maintained a customer-focused approach.
- Promoted company services and performed upselling based on customer needs.
- Prepared performance reports and maintained up-to-date knowledge of company services, packages, offers, and procedures.

Pizza Hut — Customer Service Representative & Server
2 Years Combined Experience

Key Responsibilities

- Provided professional customer service and handled dine-in, takeaway, POS, and Foodpanda orders.
- Managed order processing, payments, billing, customer follow-up, and overall service experience.
- Prepared daily sales and inventory reports and supported weekly/monthly inventory checks.
- Maintained restaurant hygiene, service standards, and up-to-date knowledge of menu items and procedures.

Professional Skills – Computer Literacy
